How to make  
your own lantern

# Lantern Booklet

## Disney's Festive Story

A heart-warming story celebrating the festive traditions that make lifelong memories and bring families together. Lola and her granddaughter share a love of Disney and traditional Christmas crafting, but over time their yearly ritual of lantern making fades away. Looking back into her Grandmother's past and seeing Lola's much-loved Mickey soft toy inspires her granddaughter to create a festive surprise. Lola's Christmas morning is lit up in a heart-warming gesture that strengthens the bonds between them.

## Create your own Disney-themed Lanterns to hang up at home.

There are four designs to choose from: **Mickey and Friends**, **Frozen**, **Star Wars** and **Marvel**. You can pick and choose which you decide to print out, colour in and create at home.

These have been created so that you can have one design one side, and another design the other side, and hang them at home.

**Note:** When cutting with scissors and creating any of the lanterns in this booklet, adult participation supervision is recommended at all times.

# Lantern Booklet

## Key:

## Instructions:

Each lantern is made from three components: lantern A, lantern B and the diamond shapes.

1. Print out the pages double sided. There will be an outer and inner side for each component. Colour in the design.

Then cut out the shapes following the solid black line. You can use a hole punch for the hanging hole.

## You will need:

- Glue
- Colouring pencils
- Hole punch
- Paper
- Scissors
- String or ribbon (to hang up your lantern)

**Note:** Please make sure an adult helps on all cutting out

2. Fold along the dashed line using valley fold. (Please see key).

3. Fold along the dotted lines using mountain fold. (Please see key).

# Lantern Booklet

## Instructions: (continued)

4. Glue on gridded tabs of lantern A. Then attach the diamond shapes to lantern A inbetween each point of the lantern.

5. Glue the gridded diamonds of lantern B.

6. Attach lantern A to lantern B making sure to match the points with the hanging hole
